

Special Education Monthly Report – December 2015

Norman S. Fairley- Special Education Coordinator

IEP STATS:

Since the last board meeting in November:

- Scholars with IEP's have decreased from 38 to 36 (1 scholar declassified , other scholar moved out of state)
- Three parental requests for Special Education Evaluations
- Seven scholars with Individualized Education Plans annual review
- Two scholars with Individualized Education Plan tri-annual review

The Special Education Department, in conjunction with the Academic Intervention Support team, has identified and is currently providing intensive support for scholars struggling academically. Parents now have the option to attend procession at the CSE office on Rockaway Blvd. This will expedite the Evaluation process which allows scholars to receive the necessary academic support and accommodations.
